

UNICIST HOMEOPATHY IN THE TREATMENT OF MOURNING SOMATIZATION IN VETERINARY MEDICINE: A CASE REPORT

Francesca Maiuri

Paola Pamich

Elena Frati

Centro Studi La Ruota

Jonny, a 10 years old cocker

- Recurrent otitis since 3 years old
- Good health until his companion death

A week after the death of his companion

- multiple episodes of nocturnal vomiting
 - nocturnal restlessness with the need to move continuously
 - excessive vocalization
- frequent cries during sleep

Centro Studi La Ruota

The owner reported

- Terror of the water of the pond
- Fix points in front of him as if he saw ghosts
- Lost his identity as if divided in two

Centro Studi La Ruota

Visiting the dog

- Restlessness
- Excessive vocalization
- Cries during sleep
- When he was in the garden, he stared looking at a point on the horizon, as if he was seeing something

Centro Studi La Ruota

Cannabis indica

- excessive vocalization
- confusion about one's identity
- visions of ghosts
- fear of water

Differential diagnoses

- Stramonium (nightly aggravation, fear of water, visions of ghosts)
- Belladonna (nightly aggravation, visions of ghosts, nocturnal vomiting)

Beginning the therapy

- Cannabis indica 5 CH> reappearance of right ear otitis
- Cannabis indica 7 CH> quiter
- Cannabis indica 9 CH> better and quiter

Follow up

- Cannabis indica 30 CH> increase of the vomiting episodes
- Cannabis indica 33 CH> gradually decrease and then disappear of the vomiting episodes
- Cannabis indica 35 CH> more aggressive and strong fear of water
- Cannabis indica 37 CH> less aggressive, no more fear of water

Finally

- Cannabis indica 200 CH > calm and affectionate, excessive vocalization disappears as well as the cries during sleep
- No more aggravations and no other symptoms

Conclusions

- Unicist homeopathy can be effectively also in the veterinary field
- Homeopathic therapy lead to a deep and lasting recovery
